

Nexus Planning is growing in London

Nexus Planning is an independent specialist planning and regeneration consultancy. Since the company was founded six years ago it has grown significantly and is quickly emerging as a prominent national practice with offices in London, Reading, Manchester and Birmingham.

The company is advising both the private and public sector in specialist areas like higher density residential led and mixed use projects, town and city centre development schemes and the planning of new settlements and urban regeneration.

In recognition of its growing contribution, earlier this year Nexus Planning was shortlisted and commended for Planning Consultancy of the Year by the RTPI.

Growing its London consultancy presence is a key part of its overall strategy and the London team will shortly move into a new bespoke central London studio.

To continue to grow and consolidate our successes to date, Nexus Planning is seeking ambitious development planning and regeneration experts to join our young and dynamic team in London. These are key roles to work alongside proven industry figures with competitive remuneration. In particular, we are seeking exceptional candidates at the following levels:

- **Director**
- **Associate Director**

We offer great career opportunities and comprehensive support for your professional development. Nexus is employee owned, which stands us out from the crowd, and there is the potential for candidates to become shareholders and help us drive the company forward. We provide a competitive salary and benefits package and the opportunity to be an integral part of a highly successful and growing national planning practice.

St Dunstons, Woking

Putney High School

Ingate Place, Wandsworth

M&S Eclipse Park
